

CUTTING TO SIZE

Wall Panels

1. Carefully measure the size of section you need to remove
2. Cut with a steel edge ruler & a very sharp blade
3. Remove section and re-join the two halves

Corner Strips (to make longer or shorter sections)

1. Carefully measure the size of section you need to remove
2. Cut with a steel edge ruler & a very sharp blade
3. Remove section and re-join the two
